- a) Data processing may differ for *notifiable* and *licensed training courses*.
- b) Licensed training courses are training courses that are audited and licensed by a government organisation / authority / adult training institution. *Licensed courses have a unique registration / licence number*. Licensed training courses are typically provided by Training360 Kft. in the case of training courses financed from government or European Union subsidies. In the case of participation in licensed training courses, the data provided in the adult training contract must be retained and stored by Training360 Kft. in accordance with Act LXXVII of 2013 on adult education (hereinafter: Adult Education Act). Some of your personal data is transferred to the competent authorities (adult education authorities) and recorded and stored in the Adult Education Reporting System (FAR).
- c) *Notifiable training courses* are training courses announced by Training360 Kft., to which the Adult Education Act also applies, but with different administrative and reporting obligations (most of our training courses are of this kind). In the case of notifiable training courses, you may object to the recording of certain personal data in the adult training reporting system or the transmission of such data to the authorities.
- d) In addition, there are knowledge sharing / development solutions that are not governed by the provisions of the Adult Education Act (e.g. workshop, coaching, counseling, event, e-learning subscriptions, online content, etc.). In this case, the data processing procedures relevant to notifiable training courses or to the specific service (e.g. e-learning services) apply.

If you do not know your education ID, Training360 Kft. can retrieve or request it with the help of the adult education data reporting system (FAR) based on your natural personal identification data (see point 2.1.3).
- b) If your employer (or a third party) signs you up for the training course and/or uses any national or EU grant support to pay the fee, the employer will need to retrieve/provide us with additional personal information (such as your place and date of birth, mother's name, nationality, sex, home address, highest education, social security number, tax identification number), of which data disclosure you will be informed in advance. This information is also required for concluding an adult training contract.
- c) If the training course requires proof of your existing competencies, we will process the details of the qualification certificates you have provided as well as the copies of such certificates.
